PROFILE SUMMARY

I am a motivated software engineering undergraduate from Sabaragamuwa University of Sri Lanka, with a passion for creating impactful software solutions. With a strong foundation in both frontend and backend development, as well as experience in UI/UX design, I strive to combine functionality with creativity. My journey includes learning and building through real-world experiences, showcasing my dedication to continuous improvement. I am eager to contribute to dynamic teams and grow as a professional by delivering innovative solutions in the ever-evolving tech industry.

EDUCATION

Sabaragamuwa University of Sri Lanka   *2021 - Present*
- Bachelor of Science (Hons) in Software Engineering
- Cumulative GPA - 3.2

MU/Vidyanandha College   *2017–2019*
- G.C.E(A/L) Examination -2019.
- Combined mathematics – S | Chemistry – B | Physics – C

PROJECTS

INDIVIDUAL PROJECTS

Postify — MERN Stack Blog Application (Ongoing)
- Developing a blog application with features like infinite scrolling, user roles, and content filters to enhance user experience. Focused on creating a seamless platform for both users and administrators.
- React.js | Node.js | Express.js | MongoDB
